LOCKDOWN: WHAT IS HAPPENING?

by Pastor/Doctor Lawrence Blanchard, ND, M.Div.

..... continued the subject matter of the Lockdown

Part 2

The purported reason that all these lockdown and shut-down restrictions are happening everywhere around the globe is because of this Corona Virus (COVID -19). A Pandemic, they call it, and, according to governments and the media (including **Faux** News), it is the enemy that must be defeated at all costs. Nothing is sacred anymore – not the individual's natural liberties or rights, nor biblical and natural law – nothing. All debates about the first or second amendments to the *Constitution for The Untied States of America* are off the table. Everything is being sacrificed on the altar of our fight against the dreaded Corona Virus. So, let's talk about it.

Theories

I have read that this virus originated in China and then I heard, no, it came out of the United States military bio-warfare labs. I have heard that it is a virus that is super-weaponized and very contagious and is a more potent sort to potentially kill more people compared to other virus strains. I have heard that it is no more dangerous than a common flu virus.

What's the truth? All I know is that I have my doubts about this whole virus thing because of other reports that have surfaced exposing the non-stop government and media rhetoric about how bad this could get unless we take drastic action now!

Italy

The first problem with this whole scenario that is being played out on the global scale is that Italy is the focus of many deaths due to "the virus" and the example of what could happen if we don't take action now. We are indebted to long-time investigative reporter Jon Rappoport¹ for bringing to light the truth about what is actually talking place in Italy. Jon wrote on March 17:

"The government of Italy, as everyone knows, has locked down the whole country of 60 million people. So how many Italians have died from COV? Even by the standards of the useless and misleading diagnostic tests?

Ready?

"As far as the Italian Higher Institute of Health knows, at this point:

"Maybe two."

"Maybe."

"Grit your teeth and plow through this piece from Rome, 13 March 2020, Agenzia Nova: 'Coronavirus: ISS [Italian National Institute of Health]: in Italy there are only two deaths ascertained so far due to Covid-19.'

"There may be only two people who died from coronavirus in Italy, who did not present other pathologies. This is what emerges from the medical records examined so far by the Higher Institute of Health, according to what was reported by the President of the Institute [Istituto Superiore di Sanità (ISS), Italian National Institute of Health], Silvio Brusaferrò, during the press conference held today at the Civil Protection in Rome."

So, what about the 27,000 plus "confirmed cases" and the 2100 deaths from the corona virus (and they just ratcheted that number up to over 4,000 as of March 21)? Jon writes on March 20:

"Bloomberg News has the story: March 18, '99 percent of those whose died from virus had other illness, Italy says':

"More than 99% [!] of Italy's coronavirus fatalities were people who suffered from previous medical conditions, according to a study by the country's national health authority.

"The Rome-based institute has examined medical records of about 18% of the country's coronavirus fatalities [so far, because it's slow work], finding that just three victims [!], or 0.8% of the total, had no previous pathology

[disease]. Almost half of the victims suffered from at least three prior illnesses and about a fourth had either one or two previous conditions.

"More than 75% had high blood pressure, about 35% had diabetes and a third suffered from heart disease.

"The average age of those who've died from the virus in Italy is 79.5 [!!!]. As of March 17, 17 people under 50 had died from the disease. All of Italy's victims under 40 have been males with serious existing medical conditions.

"BANG.

"Average age of those who've died: 79.5. Are you kidding? Lots of prior medical conditions, weakened immune systems, and what this emerging study isn't saying: all these people had obviously been treated for those prior conditions with toxic medical drugs. Furthermore, once they'd been diagnosed with coronavirus, chances are many of them were put on highly toxic antiviral drugs."

In other words, the big scare in Italy is a gigantic fat fabrication. Corona Virus is not the cause of those deaths. The truth is, there is **no single cause** of these deaths.

Question the Data

Then, here comes John P.A. Ioannidis, professor of medicine, of epidemiology and population health, of biomedical data science, and of statistics at Stanford University and co-director of Stanford's Meta-Research Innovation Center. He writes on March 17:

"The current coronavirus disease, Covid-19, has been called a once-in-a-century pandemic. But it may also be a once-in-a-century evidence fiasco.

"At a time when everyone needs better information, from disease modelers and governments to people quarantined or just social distancing, we lack reliable evidence on how many people have been infected with SARS-CoV-2 or who continue to become infected..."

"A population-wide case fatality rate of 0.05% is lower than seasonal influenza. If that is the true rate, locking down the world with potentially tremendous social and financial consequences may be totally irrational..."

"Could the Covid-19 case fatality rate be that low? No, some say, pointing to the high rate in elderly people. However, even some so-called mild or common-cold-type coronaviruses that have been known for decades can have case fatality rates as high as 8% when they infect elderly people in nursing homes. In fact, such "mild" coronaviruses infect tens of millions of people every year, and account for 3% to 11% of those hospitalized in the U.S. with lower respiratory infections each winter."²

Enter another medical doctor and former congressman, Dr. Ron Paul. You have heard of him? Here is what he said on March 16:

"People should ask themselves whether this coronavirus "pandemic" could be a big hoax, with the actual danger of the disease massively exaggerated by those who seek to profit — financially or politically — from the ensuing panic..."³

Perhaps we should question the rush to judgment over what the true cause(s) are about people with flu-like symptoms attributed to the Corona Virus.

I have to mention a recent case of someone I am acquainted with who had fever and chills. He was tested for

all the known flu viruses. None tested positive. So, what was the medical pronouncement? He has the Corona Virus. Hey, they got another statistic to add credence to the fear mongering.

Frankly, in my view, it all a bunch of hogwash! It stinks.

What's going on? Everyday there is another restriction. The world is in lockdown. Why?

I was reflecting on the coordinated compliance, since the inception of this Corona Virus focus, among nearly all areas and venues to lockdown and shutdown America. Of course, all government agencies (except a few essential services) and all schools, sports, theaters, churches, many restaurants (take out only), and so forth are closed in addition to the recommendation to stay at home and limited gatherings of 10 people. Now we are advised to not gather with anyone and just stay at home.

These restrictions will be for weeks if not months. What to do? Play board games? How about watching Tee-Vee. Yes, that is the plan. Confined to stay home and tune into daily and hourly *updates* on the Pandemic. **No distractions so we can all have maximum exposure** to the relentless diet of the latest dire news of the virus casualties. What better way to ensure "group think." Quite related to this unprecedented cooperation is this report called Event 201.

Planned in Advance?

Was there advanced planning that took place before the advent of the COVID-19 recently broke? Some others have shared with me other sources of foreknowledge of a planned event. For example, the book *The Eyes of Darkness* written back in 1981 specifically mentioned this virus pandemic to be unleashed in 2020. Somebody knew something.

The following is the one I want to share with you and you may have already seen it. It is about an October 18, 2019 "Event 201" forum at the Pierre Hotel in New York, NY in an article entitled Public-private cooperation for pandemic preparedness and

response."⁴ This meeting comprised 130 attendees for a

"... pandemic tabletop exercise that simulated a series of dramatic, scenario-based facilitated discussions, confronting difficult, true-to-life dilemmas associated with response to a hypothetical, but scientifically plausible, **pandemic**. 15 global business, government, and public health leaders were players in the simulation exercise that highlighted unresolved real-world policy and economic issues that could be solved with sufficient political will, financial investment, and attention now and in the future."

Recommendations about how to manage such a scenario of a pandemic were put forth by a collaboration of Johns Hopkins Center for Health and Security, World Economic Forum, and the Bill and Melinda Gates Foundation. Here are a few excerpts:

"The exercise consisted of pre-recorded news broadcasts, live "staff" briefings, and moderated discussions on specific topics.

"The next severe pandemic will not only cause great illness and loss of life but could also **trigger major cascading economic and societal consequences** that could contribute greatly to global impact and suffering. Efforts to prevent such consequences or respond to them as they

unfold will require **unprecedented levels of collaboration between governments, international organizations, and the private sector.** There have been important efforts to engage the private sector in epidemic and outbreak preparedness at the national or regional level. However, there are major unmet global vulnerabilities and international system challenges posed by pandemics that will require new robust forms of public-private cooperation to address.

“Governments, international organizations, and businesses should plan now for how essential corporate capabilities will be utilized during a large-scale pandemic. During a severe pandemic, public sector efforts to control the outbreak are likely to become overwhelmed. But industry assets, if swiftly and appropriately deployed, could help to save lives and reduce economic losses. For instance, companies with operations focused on logistics, social media, or distribution systems will be needed to enable governments’ emergency response, risk communications, and medical countermeasure distribution efforts during a pandemic.

“Industry, national governments, and international organizations should work together to enhance internationally held stockpiles of medical countermeasures (MCMs) to enable rapid and equitable distribution during a severe pandemic. The World Health Organization (WHO) currently has an influenza vaccine virtual stockpile, with contracts in place with pharmaceutical companies that have agreed to supply vaccines should WHO request them. As one possible approach, this virtual stockpile model could be expanded to augment WHO’s ability to distribute vaccines and therapeutics to countries in the greatest need during a severe pandemic.

“Countries, international organizations, and global transportation companies should work together to maintain travel and trade during severe pandemics. Travel and trade are essential to the global economy as well as to national and even local economies, and they should be maintained even in the face of a pandemic. Improved decision-making, coordination, and communications between the public and private sectors, relating to risk, **travel advisories, import/export restrictions, and border measures** will be needed. The fear and uncertainty experienced during past outbreaks, even those limited to a national or regional level, have sometimes led to unjustified border measures, the **closure of customer-facing businesses, import bans, and the cancellation of airline flights and international shipping.** A particularly fast-moving and lethal pandemic could therefore result in **political decisions to slow or stop movement of people and goods, potentially harming economies already vulnerable in the face of an outbreak.**

“Governments should provide more resources and support for the development and surge manufacturing of vaccines, therapeutics, and diagnostics that will be needed during a severe pandemic. In the event of a severe pandemic, countries may need population-level supplies of safe and effective medical countermeasures, including vaccines, therapeutics, and diagnostics. Therefore, the ability to rapidly develop, manufacture, distribute, and disperse large quantities of MCMs will be needed to contain and control a global outbreak.

“Global business should recognize the economic burden of pandemics and fight for stronger preparedness. In addition to investing more in preparing their own companies and industries, business leaders and their shareholders should actively engage with governments and advocate for increased resources for pandemic preparedness. . . . A severe pandemic would greatly interfere with workforce health, business operations, and the movement of goods and services. A catastrophic-level outbreak can also have profound and long-lasting effects on entire industries, the economy, and societies in which business operates.

“International organizations should prioritize reducing economic impacts of epidemics and pandemics. Much of the economic harm resulting from a pandemic is likely to be due to counterproductive behavior of individuals, companies, and countries. . . . The International Health Regulations prioritize both minimizing public health risks and avoiding unnecessary interference with international traffic and trade. But there will also be a need to identify critical nodes of the banking system and global and national economies that are too essential to fail – there are some that are likely to need emergency international financial support as well. The World Bank, the International Monetary Fund, regional development banks, national governments, foundations, and others should explore ways to increase the amount and availability of funds in a pandemic and ensure that they can be flexibly used where needed.

“Governments and the private sector should assign a greater priority to developing methods to combat mis- and disinformation prior to the next pandemic response. Governments will need to partner with traditional and social media companies to research and develop nimble approaches to countering misinformation. . . . Trusted, influential private-sector employers should create the capacity to readily and reliably augment public messaging, manage rumors and misinformation, and amplify credible information to support emergency public communications. National public health agencies should work in close collaboration with WHO to create the capability to rapidly develop and release consistent health messages. For their part, media companies should commit to ensuring that authoritative messages are prioritized and that false messages are suppressed including through the use of technology.”

Well, I think you can see for yourself that this was not a meaningless exercise and what was discussed and laid out is exactly what is happening today.

The point is that this portends to be a manufactured crisis. Was this a test to find out how people generally would respond to such “a crisis?”

Never before in history have we witnessed a national and global lockdown and shutdown of just about everything. The reason, as reported and advanced by governments and controlled media outlets, is combating public enemy #1: the feared Corona Virus. **But is there another scenario going on behind the scenes?** I believe what is being played out on the global stage is a very carefully manufactured event and orchestrated “problem, reaction, solution” plan to destroy the economic structure and viability.

ity of every country on the planet.

Financial Collapse

We are experiencing an economic collapse that is rapidly accelerating through the contrived lockdown of small and medium businesses, and even large corporations. Jon Rappoport wrote this on March 23:

Picture this. In a small city, the university suspends classes. The majority of students go home. Overnight, all the money students would spend locally drains away. A week later, an order comes through: restaurants and bars must close. Workers are laid off. The owners, who were operating on small margins, are squeezed to the hilt and beyond. There is a major tourist attraction in town, a theme park. It shuts down. Tourist trade, which was already drying up, goes flat. A whole variety of shops shut their doors. Then, an order: non-essential stores must stop doing business, unless they can somehow limit traffic to ten customers at a time. A huge botanical garden and two museums close. Their employees are without jobs. And all this is just the beginning of the damage...the citizens themselves hunker down. They start abandoning their homes and moving in with friends and family---more people in smaller spaces...yet they try to practice social distancing.

How long will this last? We don't know. Weeks, months . . . People are in a panic and survival mode. **We are in total financial collapse!** This is the process toward an end game that has continued progressively since the inception of the Federal Reserve System back in 1913. The central banking system and the subsequent International Monetary Fund and World Bank have had as their end goal to control and dictate the entire international economic system. (I discuss this in my book, *The Kingdom of God Manifested*.) They have deliberately created the financial collapse we are experiencing today. This is not a test. This is the real thing. Some who understand the false "money" system knew it was coming. We just didn't know when or how. As to the "how" we now realize it is being done under the cover of **medical martial law**.

What we are seeing now is extreme draconian measures to suppress people and apply such pressure for as long as it takes to bankrupt most of them so they will be conditioned to accept any solution to be saved from total financial ruin with no hope of recovery. Can't work, pay the bills, or feed your family. Lockdown, shutdown, take-down.

As a friend of mine wrote to me:

The systematic lock down, social distancing, and quarantine actions are intended to keep large scale riots, mayhem, and overthrow of corrupt puppet regimes from occurring when the economy gets sucked into the "uncharted waters" maelstrom, and thrown into the abyss, like happened in Tunisia, Egypt, Greece, and elsewhere.

And for what? A little more than a thousand purported deaths in the United States attributed to this virus idea?

Once again, we are grateful for investigative journalist, Jon Rappoport who wrote on March 26:

Start with Europe and just plain flu. Not COV. According to the World Health Organization (WHO) Europe, "During the winter months, influenza may infect up to 20% of the population..." That's ordinary seasonal flu.

The population of Europe is 741 million people. This works out to 148 million cases of ordinary flu. Not once. Every year. EVERY YEAR.

According to statista[dot]com, "As of March 23, 2020, there have been 170,424 confirmed cases of coronavirus (COVID-19) across the whole of Europe since the first confirmed cases in France on January 25."

I urge readers to roll those comparative figures around in their minds, and realize that ordinary flu has never been called a pandemic, and has certainly never resulted in locking down countries.

If we take the COV Europe numbers I just quoted, which cover a period of two months, and multiply by six, to estimate the number for a year, we arrive at 1,022,544 cases. Even if you want to build up this figure by claiming it's accelerating, do you really believe it'll reach 148 million for the year, the number of ordinary flu cases? And again, 148 million is the estimate for EVERY YEAR. Every year---and no mention of a pandemic. No lockdowns.

Let's go to Italy. According to statista[dot]com, "Italy has the highest amount of confirmed [COV] cases in Europe with 59,138..." That's as of March 23. If you multiply by six, to get the annual figure, you arrive at 360,000 cases. You want to blow that up, because of acceleration? Go ahead. How about a million cases for the year? Two million. Three million.

Now let's look at ordinary flu cases for Italy in a given year. According to sciencedirect[dot]com, "In the winter seasons from 2013/14 to 2016/17, an estimated average of 5,290,000 ILI [influenza-like illness] cases occurred in Italy, corresponding to an incidence of 9%." That's 5 mil-

lion plus each year. Not just once. Was a seasonal flu pandemic declared in Italy? Ever? Was the whole country ever locked down as a result? No.

Finally, let's look at figures for ordinary flu, for the whole planet. A study published in the journal, Pharmacy and Therapeutics, states, "Influenza is a highly contagious respiratory illness that is responsible for significant morbidity and mortality. Approximately 9% of the world's population is affected annually, with up to 1 billion infections, 3 to 5 million severe cases, and 300,000 to 500,000 deaths each year."

A BILLION cases EVERY YEAR. Is this called a pandemic? Is the whole world locked down every year? No.

Feel free to track the purported number of COV cases as time passes. As I write this, the number is 392,286, and deaths are 17,147. Let me know when the COV case number reaches A BILLION for the year and the number of deaths passes 300,000. Then keep me posted on how the one billion COV cases are repeated EVERY YEAR with at least 300,000 deaths annually.

And that concludes this episode of: 'public health officials go crazy, and wreck economies and lives in the process.'

Do you see? **This whole virus thing is phony** and contrived. But it goes to demonstrate just how an elite banking oligarchy can, with coordinated, controlled action and technology, shutdown the entire planet in a matter of weeks.

Solutions

Eventually, a solution promising a return to “normal” will be proposed and people will welcome it just like the “New Deal” offered in 1934 which Roosevelt and his banker buddies gave the people after four years of severe depression and hardship. They had no choice. Take their gold for the promise to print “money” and create prosperity out of thin air.

How long will our People be able to survive before riots break out in the streets? Will we be willing to accept and even demand troops in the streets to restore order?

Will we willingly submit to gun confiscation as a part of the new deal? Don't be surprised.

Will vaccinations be forced on everyone? I don't doubt it. No argument. No debate. Just comply or become the enemy.

Well, what are we going to do? Is there a solution? Is there something to do that we can absolutely have a significant part to play? We may not have control over the corrupt oligarchy who runs this world system. But can we actually be a part of transforming our land from a kingdom of darkness to the Kingdom of righteous, justice, peace, and joy through the power of the Living God?

Does the Bible reveal how that can happen? Yes. Stay tuned. Hope is not lost even though it may seem pretty bleak. There is an answer!

There is a **major shift** going on purposely created by the unseen, international financial elite, in private meetings in smoked-filled back rooms, at the very top of the pyramid of defacto power. They intend, through financial pressure and deception, to **control, subjugate, and enslave all people everywhere** – especially in western, developed countries. That is what is taking place now. The terrible power of the purse revealed!

Does the Bible, as God's revealed written Word, offer the ultimate **solution**? Yes, it does. But there is a prevailing opinion among many Christians and leaders that the only solution and hope will be the return of Jesus Christ in power and blazing fire of judgment. This solution requires God to create a whole new planet where only good dwells and no evil is present. There is another solution and viewpoint, however, that is understood by just a handful of the followers of Christ and I will get to this shortly.

The Blessed Hope

That Jesus is coming again to rectify and judge the evil world system, create a new planet, and set up His Kingdom has been the hope and expectation for many generations from the first century AD to the present. Practically every generation has been sure that He would come in their lifetime, but to date, that has not taken place in respect to what many perceived it would be like. 2000 years of unfulfilled prophetic predictions.

In our present day, there has been no shortage of confident prophetic announcements that Christ Jesus is coming very soon. It's obvious, they say because nothing like what is happening now on this kind of global scale has ever happened before. That's true, but does it verify that the “end times” or “last days” are upon us? For example, here are a

few recent excerpts from various popular, prophetic websites:

The following is a non-fictional account of events prophesied to begin any day now. The account is taken exclusively from the book of Revelation. As the fulfillment of events prophesied nears, it is the Father's will that His children fully understand the book of Revelation which has revealed all there is to know about final events. Throughout this book there are most precious promises, and there are also... fearfully dire warnings.

Our loving Father has revealed that very soon the world will experience a series of 14 plagues: The first seven are “trumpets,” serving as humanity's wakeup call. The remaining are seven last plagues that will be inflicted just before the return of Yahushua. The catastrophic events of all these plagues will not be viewed as freak disasters caused by nature but as divine warnings. And their impact will be universally felt.⁵ (Emphasis added)

Sure, many people throughout history have been proclaiming that they were living in the last days and the end of the world was nigh, and some of the Bible signs have always existed from the early days. But never has there been a time before when ALL these events were evident in so many diverse places and with such frequency and intensity. Our Generation is the FIRST generation to fulfill ALL the biblical signs. (Emphasis in original)

If you take into consideration all the signs, there is no mistaking that our generation is living in the last days, nearing the second coming of Jesus.⁶

The news is full of Bible prophecy fulfilling events now, and there can be no doubt that we are living in the last days.⁷ (Emphasis added)

You must do your own study and decide for yourself. The question you must be asking is, What does the Bible say and mean? To do that correctly, one must be diligent to let the Bible speak for itself and test everything by the basic principles of interpretation.

Another Viewpoint

As you may know, although I used to believe that the return of Jesus Christ was in the future, I have changed my mind with respect to the “end times” and the timing of the coming of Christ. The books I have written in the *Covenant Heritage Series*, including Book Six, *The Story of Biblical Prophecy*, set forth the evidence by which I have concluded that:

1. **Jesus Christ has already come again;**
2. **He sits on the throne of David now;** and
3. **His Kingdom has been established** and is now **ready to be manifested** as God originally intended back to Adam.

I realize that many reject my opinion and some are quite upset with me because they feel I am taking away their “blessed hope” of being rescued out of this mess.

The truth of the matter is, my viewpoint provides **hope in God's revealed plan and solution to our present-day predicament**. That is what I wrote about in Book Seven,

Here's the bottom-line: **God's power to defeat and conquer this present darkness is available in and through every local church assembly comprised of His regenerated, obedient, Covenant People.** But how many of those churches do we have in existence today in America? Not many.

Our Responsibility

We have no choice now but to rebuild our local communities by starting and developing local churches. To do that, we must **educate our People about what the Bible says and means.** That's where it begins.

To help you with that task, we have put together the Bible Mastery Boot Camp to help you take others through the entire Bible in an easy-to-follow, step-by-step approach. This is an audio-visual course of study that you can use as a tool for your friends and family.

Who do you know that you can invite to the first module of the Bible Mastery Boot Camp?

Do you think it is possible at this time, when everything seems to be collapsing around us, that our **God may be using our circumstances to awaken His People?** I believe so. Let's take advantage of the moment and start rebuilding. It can happen and will happen. **You** can be a part of it right now.

And if nothing else, we will need each other now more than ever.

There is hope for you and future generations!

"Now to Him who is able to do far more abundantly beyond all that we ask or think, according to the power that works within us, to Him be the glory in the church and in Christ Jesus to all generations forever and ever. Amen." – Ephesians 3:20-21 -- notes:

UNDERSTANDING BASIC SURVIVAL FOR BOTH RURAL AND CITY CHRISTIANS

by Ken Lent, April 2020

When we're talking about survival we are referring to the ability to ride out a disaster of mega proportions and come out alive and well. There are an innumerable amount of scenarios that can apply. But the situation of greatest concern to Christians is the fact that we are living in end-time prophetic days where the wrath of God is sure to fall upon a wayward nation that has forsaken His righteousness. For most of those on our email list this means the present United States (as opposed to the original USA), although divine judgment applies to the other Saxon nations as well. The first thing that needs to be appreciated is that if a person is not "right with God" all of the funding and time spent in stashing away the needed survival goods will be for naught and will not succeed. We can argue over doctrines and Scriptural slants on things till forever, so we're not going to split hairs here in pushing certain beliefs. The basic bottom line is that being "right with God" primarily means that a Saxon Israelite's life is lived for the glory of God in/for/through the Kingdom of Jesus the Christ. That is the basic tenet of preparation upon which this ministry shall proceed to share survival information with those interested. Also, your input is valued, so let's hear from you if you have something to contribute in helping the brethren along these lines. Our survival program at Faith of the Covenant Fellowship ranges anywhere from applying a simple band-aid, to a January winter backpack camp-out in the local national forest (plus all levels in between). What ever level an individual becomes efficient in is better than "no level" at all,

whether elementary or involved.

Those of you who are living a rural lifestyle may already be skilled in many aspects of riding out years of divine judgment. But what our city brothers and sisters who have a legitimate anxiety that they may be helpless in times of big trouble? Truly, this is a concern — and we understand the situation. Here are a few pointers for both rural and city Christian remnant folk who love Jesus our King.

1) If you have done nothing at all up to this point along the lines of survival preparation, do not fear. You are capable of learning new skills. It's not really all that difficult. Just think back on when you knew nothing about personal computers, emails, or Online web surfing. Now you do. It was simply a matter of developing some interest in PCs and the Internet —and wham! —you were up and running in no time at all. The same with survival "know how." Just be determined that you are curious, interested, and motivated in the subject, and you will surprise yourself in what you will pick up in a few short months.

2) Start slow — baby steps. YouTube videos of Rambo types or folks who own large ranches and have worked them for decades can overwhelm a novice survivalist, especially those living in the city. Work on storing up one week's worth of food goods first. Then take it from there

the shocking story of the St. James Massacre and how disarming other nations will lead to the same disaster.

Charl van Wyk was just an ordinary Christian man until July 25, 1993 - the day that would become known as the St. James Massacre. It was on this date that van Wyk shot back at the terrorists who were attacking an innocent congregation gathered in prayer, and saved many lives in the process.

and expand to two weeks, then a month. Now you might say “what good is my having only one week of food on hand when any serious disaster will simply destroy me?” But in one week, or one day, God may be planning to send somebody into your life that may change your entire situation. Just do what you can to what degree you can, and leave the rest up to God. He’s on your side

3) Try to obtain some basic affordable goods that will see you through one week of being independent of “the system” which may want you to submit into moving into a high school gymnasium that has been turned into a government welfare center with minimal cots, and plenty of fluoridated water and vaccines to “save” you. You can do better on your own.

4) Some suggestions for starters are: Water — buy 10 gallons of water for your week long stash of goods. Canned food of an assortment of meat, veggies, fruit. Sardines and salmon are a good source of meat protein. Oatmeal cereal and powdered milk stores great and fills in the breakfast slot. Whole grain dried crackers. Low sodium soups. Some raw honey for sweetener. Apple cider vinegar with the mother. A multi-vitamin with minerals. Rice, olive oil, spices,. Green tea bags. Dish soap. Paper towels and toilet paper. A manual can opener. Trash bags and duct tape. Candles and a couple of butane lighters. Canned/dry pet food if applicable. In the mean time monitor your daily activities and add anything else you feel that you need to achieve somewhat of a comfort level for a week of being isolated from the power grid of the “system.” Buy a container in which to keep these things. A cardboard box may not do if the rats, mice or moths think you have stored all of this for them. It’s a good idea to purchase a plastic storage box with a “push down” lid. Stores carry a variety of these in most houseware departments. Much later when you graduate to several months or years preparation you can decide on whether you may want to invest in long-term freeze dried survival foods. But for starters we are just planning for an efficient stash of one week’s worth of edibles. Tuck this all away in a closet and do not tap into it If in time you feel that the canned foods are nearing the expiration date then use them up and restock. Or do as some do, and every time you buy some more, put them on the back of a shelf, and move them all forward, and use the front one (or oldest) up first. That way, you continually renew your stock.

5) Do not tell anybody about your stored goods. If you can make arrangements far ahead of time with a friend outside of the city and can get out before using your supply, do so. If this is not possible, do the best you can with what you have.

6) We will be uploading basic survival articles and info to our website as time permits. These articles will NOT be on our ministry site of [Ezra98](#). All survival articles are on our martial arts/prepper site at [Streetjitsu](#) so please look for them there by going to that home page and clicking on the

“articles” link at the top border. An example of what is being covered so as to be “easily do-able” by most folks can be viewed there <[streetjitsu.yolasite.com/resources/canned.pdf](#)>. This article explains a very simply way of providing a safe heating option for warming up cereals, teas, soups, etc. Many more instructional will be upcoming in the months and years ahead. . Stay tuned. If you have questions or suggestions feel free to contact me at <[usa12gates@generalmail.net](#)> I try to answer all emails, but both the ministry site and survival site are indeed busy so it may take a while to reply. God bless and stay safe!

A PERSPECTIVE

by Dave Barley

In many ways, people are focusing on the great Babylonian city, New York. Most of the people are thinking that whatever is happening in New York City is bound to hit them, and therefore, they will do whatever they are told to do. The Governor of New York, Mr. Cuomo, certainly keeps the New York hype going as though we can’t function or think right except according to the New York (state of mind) model.

New York city is not our model. It is a concrete jungle full of concrete apartments, condominiums, and so forth, and people are bunched together and for the most part they look down on the rest of us. I also find it interesting that the area of the United States people like to look down upon is called the Bible-belt. The center of America is doing just fine. Even California’s numbers are fairly low, and Washington State’s numbers have not increased very much. We are presently dealing with about 7,000 deaths nation wide (most of them from New York), and around 12,000 who had the virus and survived. As of April 3, ‘20 there are 6,000 serious cases out of 250,000 active cases. Only a small number are serious.

Out of many millions living in New York City, 2,900 people have the virus and that is a fairly low number; and remember we are not being told how many would have died during that same amount of time normally. They want you to be afraid, very afraid of the unknown. Just stay at home, wash your hands, wear a mask, and be very afraid. This is not of God to have us living like this.

We are told, where to go, how to wash our hands, how far to stay away from people (by the way we are now told that perhaps we should stay 20 feet away due to nasal sneezing—ha), what type of mask or garb to wear, but I have questions if I am permitted. For one thing, are we to go around wearing masks all bundled up like some mad scientist? I see them, or videos of certain people all dressed up from head to toe with “protective suits” on doing various things. Should we be wearing “protective suits” whenever we go about?

I mean, we are told to constantly wash our hands with

MUST HAVE A VOICE FROM THE PAST on Eating Swine’s Flesh Edward B. Foote, MD

The pages in this pamphlet have been photographically reproduced from a 924-page book originally published in 1873. It is long out of print, and because of the important nature of the work, we decided to reprint at least a portion of it in the hope many may gain much benefit from the knowledge accumulated by the learned author. You will see that much of this knowledge seems to have been “lost” to the medical profession (and the clergy) in the intervening century. A word of warning, the doctor seems to approve of eating horse. But horse also comes under the ban in God’s Law, as do many sea creatures, such as lobsters, clams, shrimp, crab, crayfish, etc. Get a copy for your church pastor and/or your friends and relatives.

sanitizer, hand lotions, soap, etc., but what about the rest of our body? For instance, can my shoes get the virus? Maybe we should also be constantly washing our feet, or our shoes. Perhaps our nose, our ears, or our belly-buttons? I don't mean to make light of this, but perhaps those are legitimate questions

The point I'm making is, we really don't know what to fully think. But I will darn well tell you that all these people are not my God, nor His Biblical Word on what we should do. I say, let's do what God's Word instructs us to do, and that is put our whole trust in Him, and let the heathen rage.

Many of us remember the movie called NETWORK, in which the main character Albert Finney said, "I'M, AS MAD AS HELL AND I'M NOT GOING TO TAKE IT ANYMORE." Well, most of us feel this way about the con game being thrust upon everyone in the name of the corona virus. If anyone is not aware, and I'm sure you all are, we are under MARTIAL LAW. Forced stay at home orders, shut up, don't ask any deep questions, and just go along with what we (the federal, state, and local, governments, and said medical experts like the CDC and FDA) are telling you to do. What are they telling us? Well things like, stay six-feet apart (or as they call it social distancing, for the politically correct), stay at home (or, self-quarantine), and twiddle our thumbs (well, I added that). I'm mad as hell at this stupidity. What this is doing to our natural way of living is doing us more harm. We are not meant to just stay on lock-down and our economy certainly cannot sustain this much longer.

Being self-quarantined in our homes is hardly what I would call true freedom, liberty, or even self-expression, building, being creative, and industrious. In truth, we are being forced to do what these CDC, FDA, World Health Organization doctor types, who are paraded in front of us constantly, and are the dogs wagging their tails to use the President and his power to pass off this pandemic agenda.

I will continue to say this, follow the money trail. Do these appointed doctors and self-appointed counsellors to the President have an agenda? Do we really understand them and know what is behind their thinking? We are regularly told that they have "models" which they rely on to fight this virus. Many of the original models predicting millions of deaths have been downgraded to only ten or twenty thousand. Yet the media continues to use the outdated model. Let's say these models that say millions of people will die are true, this doesn't change our focus on Faith, Prayer, and Divine direction. When the government tries to place itself above God, we are to obey God rather than man (Acts 5:29). There are also reports by doctors, nurses, and regular citizens that deaths are being attributed to the coronavirus, but these were folks who had serious underlying conditions that were the cause of their death, but the death certificate reads due to coronavirus.

Remember not that long ago, we were told by President Trump that we may possibly be going back to work at Easter or Passover time. Then, not too long after this, he had a change of heart and moved it to the end of April. What happened? Who got to our President to further prolong this "War"? What other changes will be in the making, changes

which our President may be forced to compromise with, as he already has done.

Our economy is already in shambles and even if we start our economy going back to work at the end of the month, it will be too late for many people unless our government pumps more money into the system. Now, I'm not saying this is what should happen. Our false money system is already in overload, not that I want to save this Jewish money-system, but I do care about the people and small businesses that this has hurt.

But, let's think about their so-called model. Are we to believe that before the coronavirus dies out, that it will kill millions of people, and therefore we should cower in fear? Their model to shut down our economy and go strictly by what the doctors say will bring America (our once God-blessed land) to its knees. You know what? They are liars, and if God Will's such a thing to happen, we are not going to set ourselves free by crouching at home fearing some model outcome or pandemic doctor prediction. Our faith must never be placed in the hands of some doctors. . . by the way, did they wash their hands?

Well let's ask some more questions. Such as, who are those who have died? What age group do they fall within? What other diseases did they have? And might they have died anyway? I mean, was their immune system somehow compromised? Did they have heart disease, cancer, diabetes, asthma, lung disease, or other health issues? How long have they had such problems? How many got the flu-shot or other various vaccinations? How many have been following a regimented medical/pharmakeia plan? What race or category might these people fall within?

And, just out of curiosity, how many were given these old malaria type of drugs, like Chloroquine and Hydroxychloroquine? These drugs have been around for about 100 years and therefore have been more than tested. Not that they are a cure-all, but since we are asking questions, let's ask.

The well-oiled and controlled media, of course, are directing our attention to their side shows of specially selected participants in their usual agenda-driven shows. Even celebrities like Rush Limbaugh have had to tone down their thoughts or they will regret it. They are certainly not our voice of wisdom. They spew forth what they are given to say, otherwise, they will be given their walking papers. This is being thrust upon us, "WE THE PEOPLE," and the real models we are not being told about are collecting their data in contemplation of their next move. Already we are being primed for their next pandemic. Don't be surprised that in the near future, they require us all to show some proof that we have been tested, be required to give a DNA sample or vaccination or drug sampling to be allowed to work.

I must also warn you, not to take their new promoted, or at least it is being passed off as a possible cure, the blood plasma type of shot. Do not get this blood plasma said cure. First of all, it comes from all racial backgrounds and blood types. In a way, it is kind of like promoting a different racial blood transfusion. The Bible is very clear that we are not to eat blood and having a blood product injected is worse than having it through the digestive tract.

A Review and Analysis

WHO IS JUDAH?

James W. Bruggeman

The author felt compelled to point out several gross errors in Mr. Yair Davidy's book THE TRIBES, and the probable reasons for them. At the same time, however, the author of this little book is pleased to see and acknowledge that Mr Davidy's general theme which demonstrates that the peoples of western Europe are the literal descendants of the Israel people of the Bible is accurate.. The chief contention is the proper identification of the tribe of Judah. Is modern Judah synonymous with modern "Jews," or does the Bible and history indicate that the German people are modern Judah?

Let's face it, A ZOMBIE TYPE OF APOCALYPSE is upon us. And many people are behaving like brainless, obedient, zombies.

Now on the other hand, how many have been taking mostly natural substances like fresh air and sunlight, Vit-C, Vit-D3 or D (which in many ways is akin to being out in the sun, anywhere from 6,000 to even 10,000 I.U.'s), Vit-E, Vit-A, Selenium, Turmeric, and other organic substances? You know that the vast majority of those people are only taking the medical stuff. Also, we can take infrared heating treatments or types of hot-water steam baths even with our own shower or bath, and put various different kinds of health oils in them. We can allow our fever to escalate to such a level which will (in many cases) destroy the virus, as long as we don't allow it to go over 103 degrees F, I'm told. Please check this out for yourselves.

A biologist friend of mine shared two studies with me. The first **Review Article —Epidemic influenza and vitamin D states in summary, "...activated vitamin F, 1,25(OH)2D, a steroid hormone, has profound effects on human immunity. 1,25(OH)2D acts as an immune system modulator, preventing excessive expression of inflammatory cytokines and increasing the 'oxidative burst' potential of macro-phages ... protecting their lung from infection."** The second is a Facebook post of: **Lipinski 2015, Ebola and Selenium: How not to catch the 2019 Novel Coronavirus (2019-nCoV), "The only people that can be infected by the 2019 - n Coronavirus have less than 98.7ug/L of selenium in plasma or serum. Those who have enough Selenium are immune to this and all other enveloped viruses. Selenium can be obtained from Brazil nuts, Selenium pills or Astragalus tea. This is why only some people get the flu and why others get it infrequently or never at all. We only found this out in 2015 when Lipinski @ Harvard figured out why some people are immune to Ebola, a fact well documented in medical archives.**

There are many warning signs around us that these snakes are relishing in this planned pandemic of theirs. I firmly believe that we need to pray for the President and all the decisions he is having to face, and above all, I pray against all those medical-snakes he has surrounded himself with. Desperate times call for desperate measures and while they want to kill, annihilate, and place us in some form of population control, I declare and stand upon our Biblical right to Divinely rid us of the Edomites. They mean it for our harm, but God can turn things on them and mean it for our health, welfare, and good.

The Edomites, and the Mayor of Chicago is one of them, has said: **"You never let a serious crisis go to**

waste." Our God laughs at their impudence and fool-heartedness. I say to you with firm assurance that the God of Israel is more than able to deliver us from their evil schemes and plans. Esau's ways are not our ways. The ways provided in the Bible unto the Jacob-Anglo-Israel people are our means of deliverance.

I say again to anyone who may be living in some form of fear, **FEAR NOT, PUT YOUR FAITH IN GOD.** This is an opportunity for our Redeemer, the Deliverer of White-Israel. Let us run to Him for our Ever-present help in time of need. Let us pray: (Deut. 4:7)

"YHWH, our God, the God of your people Israel which you have declared over and over in your blessed Word. Deliver us from the hand of our oppressors. Deliver us from this evil. Smite our enemy and rain upon them your sore displeasure. In your Word, you have declared "Jacob have I loved,

Esau have I hated." (Romans 9:13). We are declaring what your Word declares. For thine is the Kingdom and the Glory, and the power for ever. Your ways are unsearchable and so are your promises and Blessings. These Edomite enemies mean this for our harm, but turn this into our good for your Remnant People. Heal our nation, and may your people **REPENT AND TURN UNTO THEE.** Let your remnant people stick together in prayer, repentance, and faith. Build up a most holy faith within us. May the Light and Truth of our blessed Saviour Jesus the

Christ come shining forth."

One last thing Some of you will hate me for what I am about to say. But this Q character is full of dung. I have felt led to express this to some of you who seem to hang on his every thought. ARE VACCINES AND DRUGS UNCLEAN?

"And Ahaziah ... was sick ... and said ... Go, inquire of Baalzebub ("Lord of Flies"), the god of Ekron, whether I shall recover from this disease." (1 Kings 1:2-3). This was the god of filth and dung, the patron deity of medicine. Snakes are the symbol of the god of medicine even today. "RX" is today the sign for "prescription" but it came from Egypt and originally referred to the "Eye of Horus" (The Body by A.E. Nourse, p.10) or to the pagan symbol for Jupiter. *"And Asa ... was diseased in his feet ... yet in his disease he sought not the Eternal, but the physicians"* (2Chron. 16:12). Today men seek physicians who use **DRUGS, ANTIBIOTICS and VACCINES.** Are these substances unclean? The word translated "sorceries" in Revelation 9:21, 18:23, 21:8 and 22:15 is the Greek word pharmakeia or pharmakos. This is how we got our English word pharmacist or druggist (chemist). Thayer's Greek-English Lexicon defines pharmakeia as "the use or administering of drugs; poisoning; sorcery, magical arts." Galatians 5:20 translates it "witchcraft." (see Macbeth 4:1). Doctors have no qualms about using **RATTLESNAKE VENOM** for snakebite; injecting children with the **MEASLES VIRUS** to prevent that disease; prescribing bleomy-

cin, an anticancer drug which is isolated from the MICROORGANISM *Streptomyces verticillus*; or penicillin which comes from MOULDS (Better Nutrition, Jan. 1993, p.6). Insulin, which is used by millions of diabetics, comes from the pancreas of cattle and HOGS. Valium and morphine are ADDICTIVE, HALLUCINOGENIC and have serious SIDE EFFECTS. They suppress the immune system. However, aspirin comes from willow bark; digitalis, used to stimulate the heart, from leaves of purple foxglove; and quinine from cinchona bark. The pain reliever morphine is taken from opium, from the juice of the opium poppy. About one-third of medical drugs are derived from plants. The Bible recommends "the LEAF thereof for MEDICINE" Ez. 47:12, Rev. 22:2). Aureomycin is an antibiotic drug made from a FUNGUS which grows in graveyards (pp. 62-63, Origin of Medical Practice, McMichael). "Super bugs" resist current antibiotics, most of which come from the soil. Now scientists are looking at Frogs, Toads, Hagfish, Slugs, Algae, Sharks, and Sea Water in an effort to replace them (CDA Press, Sept-19-95, p.A9). "Know ye not that ye are the temple of God? ... If any man defile the temple of God, him shall God destroy" (1 Cor. 3:16).

Hypodermic needles puncture the skin and we are not to "make any cuttings" in our flesh (Lev. 19:28) Salk polio vaccine is made from the kidneys of rhesus MONKEYS. Rabies vaccine is made from the rabid brains of DOGS or RABBITS. DPT (diphtheria pertussis tetanus) vaccine is made from rotten HORSE'S BLOOD that has been injected with DIPHtheria, to which is added a poisonous MERCURY derivative, Thimerosal. Typhoid serum is made from decomposed FECAL MATTER from Typhoid patients (cp. Ez. 4:12-14); Smallpox vaccine is made from GLYCERINE, PUS, LYMPH and BLOOD from a calf. Putrified duck eggs are used to manufacture measles, mumps and flu vaccines. GLYCERINE, PUS from a DEAD or DYING animal, CHLOROFORM, and FORMALDEHYDE are other ingredients (Immunizations: The Reality Behind the Myth, pp. 10, 72). But "Ye shall not eat of anything that dieth of itself" (Deut. 14:21) and "flesh with the life (blood) thereof ... ye shall not eat" (Gen. 9:4). Dr. E.J. Post said, "I have removed cancers from vaccinated arms exactly where the poison was injected." Such well-known diseases as cancer, leukemia, paralysis, multiple sclerosis, arthritis, and SIDS are linked to immunizations (Physicians Desk Reference, 1980, p.1866).

(Anyone for a Flu shot?)
(today, 14/02/20 on 9news.com) Tarantula venom could be used to create powerful pain reliever, Queensland researchers say.

ISRAEL - GOD'S WITNESS PEOPLE

by Ray Prinzig

"Ye are My witnesses, saith the Lord, and My servant whom I have chosen: that you may know and believe Me, and understand that I am He: before Me there was no God formed, and neither shall there be after Me. I, even I am the Lord; and beside Me there is no Saviour. I have declared, and have saved, and I have shewed, when there was no strange god among you: therefore you are My witnesses, saith the Lord, that I AM GOD." Isa. 43:10-12.

In presenting this message, we would like to borrow the words of Paul, "For I have received of the Lord that which also I delivered unto you." 1 Cor. 11:23. The truths which we are sharing have not come to us out of books, nor from other men, but that which the Spirit of God has made real to us personally, and then has so gloriously confirmed through others who have likewise been so dealt with by God. We trust it is a blessing.

While it is true that men are often very confused concerning the purpose of God, Acts 16:18 states, "Known unto God are all his works from the beginning of the world." When God set forth the purpose of the ages to progress through its course, fulfilling the counsel of His own will, He knew exactly the way it would go, for He fitted the ages in their measurement to bring forth that purpose, and HE has never been behind schedule.

Often times man becomes mixed up concerning God's purpose. But as God makes known the "mystery of His will," Ephesians 1:9 we see how wonderful and glorious are His ways, and knowing that **HE IS GOD**.

Not only has God definitely set the timing arrangement for the fulfillment of His plan, HE also has very definitely chosen a people through whom He shall actually become a TIME FACTOR in the earth. Even as it is written, "Look upon Zion, the city of our solemnities,," Isaiah 33:20. The word "solemnities" could be given 'appointed time.'

Now Zion is more than a place, it is a **people**, even as we read, "When the Lord shall build up Zion, He shall appear in His glory." Psalm 102:16. God is now moving by His spirit in this 'building up' process, as He calls out of Babylon His chosen ones, and purifies and prepares them for the outworking of His purpose. Thus, these apprehended ones are actually becoming God's own TIME-PIECE in the earth, for future events are closely aligned to them. God has blended together His purpose and His people - they are indeed A PEOPLE WITH A PURPOSE, and through whom His purp[ose shall be executed.

Israel, God's Firstborn Nation

"Thus saith the Lord, Israel is My son, My firstborn." Exod. 4:22.

"For thou art an HOLY (separated) people unto the Lord, thy God; the Lord thy God hath CHOSEN thee to be a special people unto Himself, ABOVE all people that are upon the face of the earth. The Lord did not set His love upon you, nor choose you, because ye were more in number than any people, for ye were the fewest of all people: but because the Lord loved you, and because He would keep the oath which He had sworn unto our fathers." Deut. 7:6-8.

Sovereign grace was manifested in the choosing of this people, they had no merit, but they were receiving the call of God because of HIS love, and because of an oath which God had made to Abraham in former times.

"When the Most High divided to the nations their inheritance, when He separated the sons of Adam, He set the bounds of the people according to the number of the children of Israel." Deut. 32:8.

Now we begin to see the unfolding of the truth, how God preordained a people into His time. For when God separated the sons of Adam, scattering them over the face of the earth, and marked out the bounds of their inheritance, **He did so according to the number of the Children of Israel.** This was long before Israel was a people, it was by His wisdom and foreknowledge in accordance with His purpose of the ages. God knew HE would bring them forth at the appointed time, and knew what they would do, why they would do it, and when they would do it. So, **He set the bounds of all other nations in proportion to the number of the children of Israel.** What a great revelation to the wisdom of God and his fore-planning.

"He hath determined the times before appointed, and the bounds of their inheritance." Acts 17:27.

That this choosing of a people, and their place in His purpose, is a mystery to most of Christendom, we know. Even Paul wrote, "But I would not, brethren, that ye should be ignorant of this mystery, lest ye should be wise in your own conceits; that blindness IN PART is happened to Israel, until the fullness of the nations (Israel nation, a reference to Genesis 48:19) be come in. And so, **ALL ISRAEL, shall be saved...**" Romans 11:25-26. We ought not to be ignorant of this mystery, how God chose a people, brought them into being as His nation, then diminished them again, scattering them in every corner of the earth (unfortunately, some of the holy seed has mingled themselves with the people of those lands, Ezra 9:2), All by Divine Purpose. But He shall also gather them again, and complete the work through them which HE began.

Paul realized that by his day it had been a long time since the scattering of Israel, via the dispersions of the tribes, and he knew that by now it had become much of a mystery to those who were then beginning to walk by and in the spirit, but he did not want them to become ignorant of all of God's purposes for Israel, of how God chose a people (while churches teach that people can choose God); what He did with them; and how they were yet to be used. And so, we find that he used three full chapters in the book of Romans dealing with this blessed subject. It cannot be dis-annulled by doubt, or unbelief. And we thank God's purpose. *Blindness IN PART is happened to Israel*, but not all Israel has been blinded, for a remnant has been left. The spirit has kept a remnant, BY HIS GRACE, and they are making up those who could be called THE SPIRITUAL REMNANT OF ISRAEL. A "Little Flock" Luke 12:32, who shall receive the Kingdom of God.

DIVINE LOSS & RECOVERY

"I say then, Have they stumbled that they should fall? God forbid: but rather through their fall salvation is come unto the nations, for to provoke them to jealousy. Now if the fall of them be the riches of the world, and the diminishing of them the riches of the nations: how much more their fullness?" Rom. 11:11-12.

That which was wrought out in our Lord Jesus the Christ is also portrayed in God's dealings with this entire

host of Israel. Compare it, "For ye know the grace of our Lord Jesus the Christ, that, though He was rich, yet for your sakes He became poor, that ye through His poverty might be rich." 2 Cor. 8:9. Likewise you behold the grace of our Lord in choosing a nation, Israel, called them into favour with Himself, bestowed great mercy on them and blessed them exceedingly and then diminished them - **they became poor, scattered, losing their place among the nations of the earth, their identity as true Israel erased**, yet God ordained that through their fall shall come to all nations the glory of His grace. God has a plan in operation: it moves right through the midst of natural and spiritual life, the way into lasting riches comes via the work of the cross, becoming NOTHING, stripped - all temporal gain completely reduced to ashes. But HE never leaves it thus, but has promised "to give them BEAUTY FOR ASHES ..." Isa. 61:3 - HALLELUJAH!

This is God's working; this is God's glory. He reveals it through a nation, and unfolded it through the life of our Saviour. And now today HE once again is causing His "called out ones" to pass through the same process of diminishing, till all that was counted as gain becomes nothing, and stripped of all human accomplishment and reputation, we find that out of our nothingness begins to arise THE NEW LIFE OF HIS FULNESS. Oh, the wonder of the ways and power of God, He is able to sow the very seeds of gain in loss itself. Divine purpose is not frustrated by this temporary action of death and desolation, He merely takes away the first, that He might establish the second. Fear not the Hand of God at work in thee, its work is for true reality.

Identity Removed, but God Remembers

Israel was chosen of God, elect of God from among all the nations of earth, brought forth out of Egypt, led to mount Sinai, and as a nation, there **Israel was betrothed unto Jehovah.** "- the covenant that I made with their fathers in the day I took them, by the hand to bring them out of the land of Egypt: which My covenant they break although I was an husband unto them, saith the Lord." Jer. 31:32,

Israel, at mount Sinai took her vows unto the Lord to be unto Him a peculiar people - and there ISRAEL was married to Jehovah. "And Moses came and told the people all the words of the Lord, and all the judgments: AND ALL THE PEOPLE ANSWERED WITH ONE VOICE, AND SAID, ALL THE WORDS WHICH THE LORD HATH SPOKEN WE WILL DO." Exod. 24:3.

But there came a day when Israel violated this "union" with the Lord, and finally the Lord told Jeremiah that "for all the causes whereby backsliding Israel committed adultery I had put her away, and given her a bill of divorce..." Jer. 3:8.

According to God's sovereign purpose during Rehoboam's reign, Israel was divided into two parts. The northern ten tribes were very quick to turn toward other gods, and the serving of idols after the way of the heathen nations about them (see Jer. 10:1-4). This was **adultery** and God dealt a heavy hand against these tribes, and sent them into captivity. The Southern Kingdom of Judah saw all this happen, and yet we read on, "...yet her treacherous sister Judah feared not, but went and played the harlot also."

This, eventually all twelve tribes became corrupt, away from God, and He had to put them all away, as a wife that is divorced from her husband.

But for all this, God did not forget His own people of Israel, nor did He utterly turn His back on them, but His mercy and purpose were still manifested, as we read, “*And I will sow them among the people; and they shall remember Me in far countries...*” Zech. 10:9. It is a marvellous record of the mercy of God as we trace God’s dealings with His people so utterly scattered.

God knew they had sinned, played the harlot, been very adulterous, so He broke up the union which He had with them, and sowed them throughout all the nations, “*For lo, I will command, and I will sift the house of Israel among all nations, like as corn is sifted in a sieve, yet shall not the least grain fall upon the earth.*” Amos 9:9. God did not “sow” Israel to lose her. He placed her where He wanted her fulfilling His purpose. God knew where He could place Israel even in her state of adultery, so that all of His purpose would be completely fulfilled. He sowed her into an appointed and prepared place, and thus **Israel lost her identity**, becoming numbered with the nations everywhere.

In Christendom’s mixed up and confused terminology, we often hear reference made to the “**ten lost tribes.**” As far as God is concerned, they have never been lost, not one kernel shall fall upon the earth. Jesus brought this to view again when He said, “*Are not two sparrows sold for a farthing? And one of them shall not fall on the ground without your Father. But the very hairs of your head are numbered. Fear ye not therefore, ye are of more value than many sparrows.*” Matt. 10:29;31.

If God marks the fall of each sparrow, He surely knows every one of His chosen people, when He said, “*Israel is My son, My firstborn.*” Exod. 4:22. You might not know who you are today, unless the spirit has so revealed it, since God had a purpose in erasing the identity of Israel, but He knows where everyone is, and watches over them. And **you will know who you are when God finishes all of His purpose and in-workings in your life.**

We have already pointed out how God marked out for all nations the bounds of their inheritance. Then He calls Israel unto Himself, establishes her as a people, and then purposely sows her among all these other nations. Sifted as corn is sifted in a sieve, dispersed according to divine placement, with full knowledge of where everyone is caused to lodge. And not only that, “**They shall remember Me in far countries.**” Zech. 10:9. God did not “sow” Israel to lose her, He placed her exactly where He wanted her. Why do we emphasize all this? Because whether we comprehend the full scope of this message, or not, in its truth of Israel in God’s plan, there are certain divine principles we do well to seek to understand, and one of these is that **GOD DEALS WITH US IN PERFECT DESIGN AND PURPOSE. When God causes you to move from one place to another, it is not a meaningless helter-skelter causation.** “*The steps of a man ARE ordered by the Lord.*” Psalm 37:23. Sovereign purpose undergirds our life, whether we remain conscious of it all the time, or not.

Israelites Became Nationalized, but Not Cast Away

Yes, Israel was scattered, with only a very small num-

ber even remaining in the land, with the Law and Temple [Dave Barley notes: the true Old Testament teachings had been perverted into Judaism]. All who did not practice Judaism were called gentiles (nations), or today we would say, “nationals.” For many of those Israelites who were scattered among the nations forgot all the ceremonies of the Laws of Moses, and soon took up the ways of the nations among whom they dwelt (just like today those of Israel who go along with the pagan Christmas, Easter, and Halloween rituals, and incorporation), thus becoming nationalized Israelites.

We have this in type throughout the Old Testament, for even Moses, when he fled from the face of Pharaoh, and came into the land of Midian, was called an Egyptian (a geographic name) though he was an Israelite, of the tribe of Levi (a racial name). But reared in the culture of Egypt, and no doubt he still had the garments of Egypt on, and so Jethro’s daughter called him an Egyptian. Exod. 2:19.

There was a reason why god wanted Moses to lose all of his identity, and be stripped of so much. God was going to subdue this man until he would become the meekest (humble, gentle) of all men on earth, and then commission him to go and lead His people up out of the land of Egypt, into the land of Promise. Not forever was his identity as an Israelite lost, but only during that preparation process which was so needful for his development. God knew who he was all the time, but HE hid that knowledge from the people Moses associated with until the appointed time.

[Dave Barley notes: While the author believed in the salvation of all nations to mean that it meant all races, we teach that this is only to the Adamic nations (see **EXCLUSIVENESS OF ISRAEL**, by Eliel, #714 @ \$25.95). This difference does not discount the material that is presented here. The late Ray Prinzig lays out very clearly how God is using a called out part of Israel to reach the rest [nations] of lost Israel].

EYES THAT SEE NOT, AND EARS THAT HEAR NOT

by Robert Bruce Record

We know that in the natural, people have eyes that see not -- whether because they were born blind, or an accident or disease has impaired their vision. The same thing can be said of hearing. But there is also a blindness and deafness in the spiritual realm that is equally serious. Turning to Jeremiah 5:21, we find the Lord addressing His people with these words:

Hear now this, O foolish people, and without understanding: which have eyes and see not; which have ears, and hear not.

I would remind us that these words are not addressed to the heathen, pagan world. They are rather addressed to the house of Jacob; and the house of Judah in the days of their divorcement. I quote them here because history would seem to be repeating itself, and in the same people.

In Paul’s second letter to Timothy he warns of a coming day when the people of Christendom would not endure sound doctrine, but would turn away their ears from the

The Importance of Our Biblical Identity **James w. Bruggeman**

The Christian Israel identity message should not be confused with what is called “British-Israel,” nor should it be confused with the teachings of Herbert Armstrong and the World-Wide Church of God and its many offshoots. There are many similarities to be sure, but there are also major differences. One is B-I’s and WWCG’s insistence that Germany is modern Assyria, an understandable error in view of the long-standing rivalry between England and Germany.

truth, and be turned unto fables (trees decked in silver and gold, reindeer, a white-haired living at the north pole, easter bunnies and eggs, witches, goblins and pumpkins, etc). I believe that we are living in the day of which Paul spoke.

Though our people are still very religious, an apostasy has gradually set in, and they seem not to be aware of their spiritual condition. While they make a loud profession of believing the Bible from cover to cover, they have at the same time embraced a lot of theological interpretations, which make The Word of God of none effect. Their minds are so cluttered with a lot of preconceived notions about Israel, the Church, and some Antichrist, and a 7-year tribulation period, that the message of the prophets does not come through to them.

Having learned so many things that are not so, they are confused and without understanding. Like their fathers before them, they have eyes that see not, and ears that hear not. My father, the late W.B. Record, used to say **They have spiritual cataracts over their eyes, and their ears are filled with religious ear wax.**

To have ears that hear not, is but another way of saying that people either do not believe you, or they pay no attention to what you say. Though you give them God's Word, they have been so mis-taught in that Word, especially "the more sure word of prophecy" spoken of by Peter (2 Pet. 1:19), that the Truth sounds like heresy and fiction.

Living as we are in the end of this Christian dispensation, it is of the utmost importance that we give ear to the prophetic Scriptures -

for in them alone do we have the light on our national pathway and the meaning of the developing crisis. We are repeatedly exhorted throughout the Scriptures to **HEAR THE WORD OF THE LORD.**

God's people were to hear the Word of the Lord with avowed purpose of obeying its precepts. To hear without obeying is not to hear.

With the end of the age upon us, the Kingdom of Heaven is at hand. This means among other things, that the good news of the Kingdom needs to be preached to God's Israel to prepare them for the Kingdom Age.

As a people, we have lost our way and have supplanted the Kingdom of God with a heaven above. The gospel of the Kingdom as preached by John the Baptist, was a call to repentance.

We need to get back to God, and it is long past time that we were giving ear to the Kingdom and National message of the Bible. This is the message that will set our people free.

But it must be believed and acted upon. We must do something about it. Let those who have ears to hear, let them hear what the prophetic Word says to our people. The great majority of our people still have eyes that see not, and ears that hear not.

Spiritual blindness is both an affliction, and a state of being. Christians who have not matured spiritually or who have become carnal or fleshly in their Christian walk, are unable to discern spiritual truth. Spiritual truths are spiritually discerned. By the same token, Christians who are untaught in the Word, or who have learned a lot of things that are not so, are also lacking in spiritual discernment.

They have eyes that see not. They may *think* they see, but they do not.

The religious leaders of Jesus' day thought they saw, but Jesus called them **blind guides**. Their theological interpretations of the Law and the Prophets, produced in them spiritual blindness. And so it is with many today.

Spiritual blindness may also come on a people as a judgment from God. The continual rejection of revealed truth, the refusal to believe the facts before their eyes, whether from prejudice, or just plain stubbornness, will result in the inability to see. And this is the condition of altogether **too many** in Christendom today.

In view of the developing crisis, it behooves us, therefore, to be much in prayer that God will open blind eyes and unstop deaf ears. We cannot do this. It is the work of God as we proclaim His Word and call our people to repentance. Let us therefore be about our Father's business redeeming the time because the days are evil. Remember the time is short and the hour is late in which to labour.

THE GREATEST BOOK IN THE WORLD

Why must we keep going over and over the fundamentals?

J. Edgar Hoover once said "the Communists' emphasis on keeping to the original sources of their beliefs: the faithful communist reads Marx and Lenin constantly on a daily or weekly schedule.

The ignorance of the average Christian of the Bible teaching is astounding. We know more about Maverick [a TV western] than we do about the Master; and we know more about Paladin [another TV western] than Paul.

THE ONE ROOM SCHOOLHOUSES OF YESTERYEAR

by late Ed Sommerville

There was a time in America that the one-room schoolhouses were the only schools available in small towns and rural areas. Their schoolteachers were very dedicated to do the job they were chosen to do.

During the cold winters, the only heat was a wood or coal stove in the room. She, as well as her students, had to find their own way to school regardless of rain or snow. There was no such thing as a thermostat at that time, so it was necessary to add wood or coal during the day. She would have to teach all grades through to the 8th and prepare for the next day's lessons.

Would you say these conditions were desirable for these kids to receive a good education in a schoolhouse that only cost a few hundred dollars?

Now a little over 100 years later - do we have what it takes to get a 'good' education?

We have built multimillion-dollar schools with central heating and air-conditioning and millions of dollars in school buses to take them to school in any weather, along with all the comforts imaginable. They have state-of-the-art electronics along with gymnasiums, cafeterias, some with swimming pools.

In the 1930s, a new subject appeared in schools called Social Studies

which became one of the most important subjects - one that was used to attack Christianity along with our Independence and our true history. Their goal was to change our values into a secular humanist nation with interdependence,

whereby we could become citizens of the world. This has worked out well for them, as God is not welcome in our schools or on any government property, and you will find little resistance for the intrusive surveillance and **police state actions** that are starting to surface at a rapid pace; or the one-world-government 'they' have planned for us.

Later we had new subjects taught in our schools -- an idea that did not originate from the parents -- called Sex Education. Has this stopped teenage pregnancies or sexually transmitted diseases? Are teenage abortions a thing of the past?

Today's students are taught Tolerance, Diversity and Homosexuality along with Same-sex Marriage, as if it is 'just' an alternate lifestyle - and anyone that does not agree with it has now become 'the enemy,' - a hater.

Have they been able to stop the drug problem with kids by putting up "Drug Free" signs/zones around the schools?

All the violence kids see on TV and movies along with all the mind-altering prescription drugs that are used on them today - Don't you think that might contribute to the school shootings that are becoming epidemic?

We are told **guns** are the problem? But didn't we have guns a few decades ago, when we **didn't** have these problems?!

Being in one of those old schoolhouses you would be in close proximity with each other for years, and they would become as family. After they graduated, the Christian values and work ethics would remain with them through life. Our one-room schoolhouses have turned out some of the greatest statesmen this country has ever had.

About 40 years ago, Erica Carle, a woman I know from Milwaukee, wrote a book called *The Hate Factory* that received national recognition. In it, she explains how our teachers, with the help of the powerful teachers union, gradually became "change agents" in our schools. Over the years they have succeeded in changing this once Godly republic into a socialist dominated Democracy that our founders tried to prevent. In the last 80+ years our schools have produced the ones responsible for helping our nation to become void of morality, justice and righteousness.

In spite of the countless billions spent on our government's public school system, it's up to you to decide what kids got the better education. Do you know of any teacher or college graduate that could answer the test questions below, today? Today's education system has been nothing less than the deliberate dumbing down of our youth; by having them listen to the tune of a different drummer.

Following are some of the questions from the eighth grade final exam from 1895 from Salina, Kansas. It was taken from the original document on file at the Smoky Valley Genealogical Society and Library in Salina, Kansas, and reprinted by the Salina Journal:

Under Grammar:

What are the Principal Parts of a verb? Give Principal Parts of do, lie, lay and run.

Define Verse, Stanza and Paragraph.

Under Arithmetic

[Does anyone know how to do these today? We have let computers and calculators do our thinking for us, haven't we?]

A wagon box is 2ft deep, 10 ft long, and 3 ft wide. How many bushels of wheat will it hold?

If a load of wheat weighs 3942 pounds, what is it worth at 50 cents per bushel, deducting 1050 pounds for tare?

District No. 33 has a valuation of \$35,000. What is the necessary levy to carry on a school seven months at \$50 per month, and have \$104 for incidentals?

Find the cost of 6720 pounds of coal at \$6.00 per ton.

Find the interest of \$512.60 for 8 months and 18 days

at 7 percent.

What is the cost of a square farm at \$15 per acre, the distance around which is 640 rods?

Write a Bank Cheque, a Promissory Note, and a Receipt.

under Geography:

What is climate? Upon what does climate depend?

How do you account for the extremes of climate in Kansas?

Of what use are rivers? Of what use is the ocean?

Describe the mountains of North America.

Name and locate the principal trade centers of the U.S.

Name all the republics of Europe and give the capital of each.

Why is the Atlantic Coast colder than the Pacific in the same latitude?

Describe the process by which the water of the ocean returns to the sources of rivers.

Describe the movements of the earth. Give the inclination of the earth.

U.S. History:

Give an account of the discovery of America by Columbus.

Relate the causes and results of the Revolutionary War.

Show the territorial growth of the United States.

Tell what you can of the history of Kansas.

Describe three of the most prominent battles of the Rebellion.

Who were the following: Morse, Whitney, Fulton, Bell, Lincoln, Penn, and Howe?

Name events connected with the following dates: 1607, 1620, 1800, 1849, and 1865.

under Orthography:

Use the following correctly in sentences: Cite, site, sight; fane, fain, feign; vane, vain, vein; raze, raise, rays, there, their, they're.

Define the following prefixes and use in connection with a word: bi-, dis-, mis-, pre-, semi-, post-, non-, inter-, mono-, super-.

Write 10 words frequently mispronounced and indicate pronunciation by use of diacritical marks and by syllabication.

The proverb is: "BOYS WILL BE BOYS,"

but I do not think so. They will be **men**, if we let them have time.

Unless they learn self-restraint, and habits of obedience while they are boys, they are not likely to make good men.

He who cannot obey is not fit to rule; he who has never learnt to submit, will make a tyranny when he obtains the power. It is good that every child should be broken in, delivered from his foolish self-will, and made to feel that he has superiors, masters, and governors, and then, when it shall come to his turn to be a leader and a master, he will have the more kindly fellow-feeling to those who are under him.
